

01 November 2021

Dear Sir/Madam

Thank you for taking the time to read the enclosed brochure in respect of the exciting venture of Learn@ MAT opening a new free special school in Ladymead Lane, Churchill, North Somerset.

The most important feedback we need from you is that you feel we are the right organisation, namely Learn@ MAT, to be opening and managing this new specialist provision.

We believe we are a unique Trust that has established ourselves as a regional and national voice, for both the young people and the families of young people with SEMH, SLCN or in alternative provisions. We have an established and committed board of trustees with a wide range of knowledge and skills who wish to encourage, challenge and support the leaders of their academies in creating the best holistic learning opportunities possible for our young people.

We are currently looking for people from the local community, local businesses, parents/carers and elected councillors who would be interested in forming the academy council for this new school. If you are interested please contact our Clerk, Louise Shepherd, by telephoning 0117 456 6513 or by emailing using [louise.shepherd@learnmat.uk](mailto:louise.shepherd@learnmat.uk)

We would really appreciate your feedback and the opportunity to answer any of your questions through our public consultation meeting or through our enclosed questionnaire which can also be accessed through our website [www.learnmat.uk](http://www.learnmat.uk)

Yours faithfully

**Jen Southall**  
**Chief Executive Officer**
